21 DECEMBER

TREATMENT OF THE DAY – AFRIQUE MYSTIQUE FACIAL*

This age-defying facial smooths out fine lines and wrinkles by straightening the damaged collagen, using Terres d'Afrique lymph wands which enhance the lifting and firming properties of the formulation. At the same time, a wealth of Africa's potent antioxidants stimulate the skin's collagen and elastin production.

Anti-Cellulite Silicone Cupping Therapy | 75 minutes EUR 280

Revitalise your skin with our Silicone Cupping Therapy, a modern twist on ancient cupping techniques. This non-invasive treatment targets cellulite by using soft silicone cups to create a gentle vacuum, improving blood flow and lymphatic drainage. The result is smoother, firmer skin with reduced cellulite appearance. Perfect for enhancing skin texture and boosting confidence, this therapy offers a natural way to achieve a toned look.

Cosmetic Cupping Facial 60 minutes EUR 240

Refresh and rejuvenate your complexion with our 60-minute Cosmetic Cupping Facial. This gentle, non-invasive treatment uses small, specialized cups to lift and tone facial skin, promoting increased circulation and collagen production. The result is a brighter, more youthful appearance with reduced fine lines and puffiness. Indulge in this relaxing facial and leave with glowing, revitalized skin.

Power of Touch 60 minutes EUR 240 | 90 Minutes EUR 300

The practitioner will assist your journey to restore your mental, physical, and spiritual well-being as you relax and surrender your mind, body, and soul. The session starts with singing bowls vibration to prepare body and mind for the treatment. This signature treatment is designed to be a holistic experience that encompasses all aspects of being: mind, body, and spirit. The practitioner will use a range of special healing touch techniques, including energy healing, acupressure, aromatherapy, chakra stones and more, to restore balance and harmony to your entire system.

Divine Sound Bath | 60 minutes EUR 240

Designed to rejuvenate the mind and body, this unique therapy combines the power of sound vibrations with meditative experience to offer a deeply immersive sound bath. During the session, you will be comfortably lying down as our skilled therapist creates a harmonious soundscape using a variety of carefully selected instruments and healing frequencies. From Tibetan singing bowls and the soothing sounds will resonate through every cell, allowing tension to melt away and promoting a profound sense of calm. The benefits of Sound Bath Therapy extend beyond relaxation. It can improve sleep quality, reduce anxiety, increase mental clarity, and restore balance to your entire being.

MEET OUR SUSTAINABILITY DIRECTOR & MARINE BIOLOGIST

Jack Wiggins – Sea Turtle Biologist, In partnership with the olive ridley project (orp)

Originally from the South West of England, Jack Wiggins' lifelong fascination with wildlife and the natural world led him to pursue a career in marine conservation. Jack is a qualified PADI Divemaster and holds a FdSc in Animal Conservation as well as a BSc in Marine Biology. Jack is also a PhD researcher at the University of Exeter, where his research focuses on sea turtle conservation and ecology in the United Kingdom Overseas Territories.

Over the past eight years, Jack has worked on sea turtle conservation and research projects around the globe, where he gained experience working with green, hawksbill, and loggerhead turtles.

In July 2024, Jack joined ORP as the Sea Turtle Biologist & Guest Educator in Seychelles. His role involves researching the foraging and nesting ecology of sea turtles in the area, with a focus on photo identification of individuals, and carrying out educational outreach initiatives with guests and the local community.

Siddharth Chakravarty - Director of Sustainability

With over 15 years of diverse experience across Food and Beverage, Industrial Plant Operations, Social Work and Sustainability. His academic background includes a Master's degree in Sustainability, Diploma in Wastewater Management, Diploma in Electrical Engineering and Certificate in Climate science, which have equipped him with specialized knowledge crucial for driving sustainable practices within our organization.

He is excited to collaborate closely with everyone as we embark on this journey towards greater sustainability. It is important to emphasize that sustainability is not merely a one person's responsibility, but a collective effort that requires the involvement and commitment of every individual.

ADOPT A SEA TURTLE

In partnership with the olive ridley project (orp)

Looking for a sustainable gift idea for this Christmas?

Why not adopt a sea turtle for your loved ones.

With every adoption you will get:

- A personalised adoption certificate
- A fact sheet about the species of sea turtle
- Updates on if your turtle is re-sighted

By adopting through Olive Ridley Project, you will help us to rescue and care for more sea turtles, remove more ghost gear from the ocean, fund scientific research on sea turtle populations and help to create educational outreach programs.

Contact your GEM or Lara, the Marine Biologist for more information about the sea turtle's adoption program.

If you are interested to find out more about sea turtles, join Jack, our Marine Biologist for our weekly Sea Turtle Talk and guided snorkeling to see the sea turtles in their habitat.
